

# Tunnelling Association of Canada Association canadienne des tunnels

**Tunnelling & Underground Spaces  
Workshop, October 12-13, 2017  
École de Technologie Supérieure  
1100, rue Notre-Dame Ouest**

**TAC Achievement Awards Banquet  
October 12, 2017  
Hôtel Alt, 120, rue Peel  
Montréal, QC, Canada**

## Sponsorship Information

This year's TAC workshop topic is Tunnelling and Underground Spaces – The Urban Challenge – and will include international practitioners, featuring:

- Han Admiraal and Antonia Cornaro of ITA's Committee on Underground Space (*Rethinking Design and Construction of Tunnels and Underground Spaces in the Urban Environment*);
- Robert Goodfellow of Aldea Services LLC (*Practical Implementation of Risk Management in Tunnel Projects*);
- Joe Sopko of Moretrench (*Ground Stabilization*);
- Gerhard Sauer of Dr Sauer and Partners (*NATM and around*); and
- David Bennett of Bennett Trenchless Engineers (*New ASCE Guidelines on Trenchless Technologies*).

The workshop will also include sessions on Montreal's infrastructure, including the Geology of the Montreal Area, Montreal Underground, and Le Projet du Réseau Électrique Métropolitain. The workshop will conclude Friday afternoon with site visits to the Atwater Tunnel Project and the Côte-Vertu Underground Garage Project.

At the end of day 1, all attendees will be invited to join us for TAC's Achievement Awards Banquet for the presentation of the Tunnelling Association of Canada Awards.

Gold, Silver and Bronze Sponsorships are available to consulting firms, contractors, suppliers and other organizations in the tunnelling field. Sponsorships include complimentary registrations to the workshop and awards banquet – three for Gold, two for Silver, and one for Bronze, so are great value for the price. Single event sponsorships for breaks, lunches and the Awards Banquet are also available. Sponsorship is a great way to connect with all TAC members and in particular with the 100+ participants expected.

To book your sponsorship preferences, please complete and return the last page of this information package to [admin@tunnelcanada.ca](mailto:admin@tunnelcanada.ca) or call the Tunnelling Association of Canada office at 604-241-1297.
