

TAC Tunnelling Association of Canada **ACT** Association Canadienne Des Tunnels

DONALD HUGH MacDONALD
TAC President 1980 – 1981

PRESENT POSITION : Retired

SUMMARY OF PROFESSIONAL EXPERIENCE

Vice President of Acres International until his recent retirement. Most of his professional career was spent with the Acres organization in a variety of the executive roles. His principal technical field of interest was geotechnical engineering on numerous hydro-power and water resource development projects in Canada and in many countries abroad. Don has participated extensively in other technical and professional societies, occupying senior roles Consulting Engineers of Ontario and CANGOLD. He has authored a number of publications, and has been the recipient of a number of awards and honors.
